Columbia High School	Mr. Moore moore.kevin@columbia4.org 618-281-5001

Definition of Bullying (Illinois School Code Section 27-23.7):

"Bullying" includes "cyber-bullying" and means any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students that has or can be reasonably predicted to have the effect of one or more of the following:

- (1) placing the student or students in reasonable fear of harm to the student's or students' person or property;
- (2) causing a substantially detrimental effect on the student's or students' physical or mental health;
- (3) substantially interfering with the student's or students' academic performance; or
- (4) substantially interfering with the student's or students' ability to participate in or benefit from the services, activities, or privileges provided by a school.

Bullying, as defined in this subsection (b), may take various forms, including without limitation one or more of the following: harassment, threats, intimidation, stalking, physical violence, sexual harassment, sexual violence, theft, public humiliation, destruction of property, or retaliation for asserting or alleging an act of bullying. This list is meant to be illustrative and non-exhaustive.

"Cyber-bullying" means bullying through the use of technology or any electronic communication, including without limitation any transfer of signs, signals, writing, images, sounds, data, or intelligence of any nature transmitted in whole or in part by a wire, radio, electromagnetic system, photo-electronic system, or photo-optical system, including without limitation electronic mail, Internet communications, instant messages, or facsimile communications. "Cyber-bullying" includes the creation of a webpage or weblog in which the creator assumes the identity of another person or the knowing impersonation of another person as the author of posted content or messages if the creation or impersonation creates any of the effects enumerated in the definition of bullying in this Section. "Cyber-bullying" also includes the distribution by electronic means of a communication to more than one person or the posting of material on an electronic medium that may be accessed by one or more persons if the distribution or posting creates any of the effects enumerated in the definition of bullying in this Section.
